

KAZATOMPROM
NATIONAL ATOMIC COMPANY

Report on payments to government bodies made by NAC Kazatomprom JSC in 2021

1. Introduction

This report is a summary of payments made to government bodies by National Atomic Company Kazatomprom JSC (“the Company” or “Kazatomprom”) and its controlled entities in 2021. The Report has been developed in accordance with the 2014 United Kingdom (UK) Rules for reporting on payments to governments (as amended in December 2015). These Rules are based upon the provisions of Chapter 10 of the Act “On reports on payments to governments” of the Reporting Guidelines dated 2013, as amended. According to these Rules, oil, gas, mining and forestry companies registered in the UK must disclose annual information on payments to governments by country and by project.

This disclosure obligation is determined based on the European Union country where the issuer's shares were initially offered publicly, or where the issuer first applied for admission of its securities for trading in a regulated market. It therefore applies to Kazatomprom as a mining company whose securities are traded on the London Stock Exchange, in accordance with the rules of the Financial Conduct Authority in the UK.

2. General Information

Kazatomprom (as a joint-stock company) was established in 1997 as the Republic of Kazakhstan’s national operator for the export and import of uranium and its compounds, nuclear fuel for nuclear power plants, special equipment and technologies. The Company is the world's largest producer of natural uranium with priority access to one of the world's largest resource bases.

The Kazatomprom group’s main activity is uranium mining and the sale of uranium products, with mining activities occurring exclusively within the Republic of Kazakhstan.

As of December 31, 2021, the Sovereign Wealth Fund Samruk-Kazyna JSC owned 75% of the total outstanding shares of the Company, while 25% was in free circulation on the Astana International Exchange and the London Stock Exchange.

Kazatomprom, realizing that its core activities are directly related to the use of natural resources, recognizes the need for socially responsible extraction of these resources and environmental protection.
